Instructions to compound suspension:

1. AREA CLEARED FOR PROCESSING BY:
2. If Ora-Blend unavailable: Pre-mix the Ora-Plus and Ora-Sweet, to form the diluent.
3. Crush tablets in mortar to a fine powder and add diluent (Ora-Blend® or prepared diluent) to form a smooth paste.
4. Gradually add diluent and transfer to final measuring flask, rinsing mortar well. Mix well.
5. Make up to final volume and mix well.
6. Transfer finished product to pre-rinsed amber plastic medicine bottle and use ClikLok closure if available.
7. Label appropriately. Additional labels: Shake the bottle. Store at room temperature.
